Cookies For Children To Decorate

It's easy for children to help decorate Christmas cookies when they apply colored frosting with small paint brushes. Bake a batch of crisp, flavorful oatmeal cookies early in the day so they will be ready for decorating. Prepare red and green cookie dough, but will not run off the cookie. Provide several kinds of decorating candies for extra touches.

Each child needs two paint brushes and small cups of red and green frosting. Be sure to allow enough space between each cookie. Then the perfectly decorated cookies could be used as a dessert. These wholesome oatmeal cookies are just packed full of good nutrition as well as an ingredient, not only improve the flavor and texture, but they contribute protein, valuable B vitamins, essential minerals, and food energy.

L. R. RAINER, JR. NAMED TO HEAD EMERGENCY AID

L. R. Rainer Jr., took over as president of the Emergency Aid Association on Friday, last week, after a new board of directors had been elected by the stockholders.

The newly-elected board of directors made no provision for an executive vice-president, the post held by Melvin Broun for so long officer, the post held by E. D. Braxton.

Mr. Broun and Mr. Braxton said yesterday they had other positions under consideration and expected to announce new affiliations soon.

New Board

A meeting of stockholders elected the following Board of Directors: J. C. Fleming, Elba Attorney; chairman; Lewis R. Donelson III, of Memphis; Louis L. Hamlin Jr., of Elba; Leroy Stephens, Jr., Elba Attorney; former Governor James E. Folsom, Fred Folsom of Elba, Fred C. Folsom of Culman, J. P. Altherton of Montgomery and Lamar Rainer, Jr.

The newly-elected board then elected Mr. Rainer president, Mr. Donelson vice president, Mr. Hamlin, long-time member of the Emergency Aid Association, as treasurer, Mrs. Kathryn Vaughan, as secretary.

The board also elected an Executive Committee composed of Mr. Donelson, chairman; Dr. Fleming and former Governor Folsom.

A one-day training school was held at the Emergency Aid office Tuesday, conducted by Anell Smith of Nashville, training supervisor for the Life and Casualty of Tennessee.

NEW BROCKTON BOYS PLANT 350 ORCHARD TREES

Boys enrolled in Vocational Agriculture Classes at New Brockton High School have set out a total of 350 fruit trees at their homes.

One of the reasons why Orchard Projects has become so popular with the boys is that they have found that through careful planning and proper care, only a small space is necessary for producing enough fruit for home use.

Trees planted were: 200 peaches, 22 grapes, 10 pears, 3 apples, 3 guavas, 4 plums, 6 figs, 3 Chinese chestnuts and 88 pecans.

In Vocational Agriculture classes, under the supervision of B. A. Johnson, the boys have studied the location of the orchard, varieties of trees best suited to region and soil.

The boys outscored their visitors in both quarters of the last half, but could not pour enough points through the hoops to provide the margin of victory.

Ton Dye made a fine performance as he scored 21 points for the Tigers, Britt Kelly with 16. For the visitors it was Davis with 13 and Oldens with 14.

Elba Bees Win

The upcoming Elba Bees took their second straight victory as they beat the Troy Bees, 47-37 in a tight game. Gary Hudson with 17, Ronnie Young 12, and Jimmy Sanders with 10 led the Elba scoring.

The Elba Juniors succeeded in taking their first decision of the season as they downed the Troy Juniors 40-30 behind a 20-point performance by Randolph Free.

Sweep Evergreen

The Tigers got off to a "win Tuesday night with a 61-44 victory over the Evergreen Aggies in Evergreen.

Britt Kelly dropping in 22 to lead Elba, followed by Carl Nelson with 17, also with Rex Chandler turning in a fine performance both offensively and defensively.

The Elba Bees took their third straight victory with a 41-20 score over the Aggies. Jimmy Sanders with 12 points, Ronnie Young & Gary Hudson 9, and Doug Landingham with 6 led the Elba Bees.

Funds Sought To Buy Uniforms

The Band Boosters Club is engaged in plans to raise money to buy new uniforms for the Elba High School band.

Plans to raise the money were discussed at the meeting of the Boosters Club last week. Three thousand dollars is needed to buy the uniforms. Complete plans will be announced later.

LIZZIE SASSER

Lizzie Sasser, 76, of Ardon, died at her home Thursday, Jan. 22, in Plant City, Fla. He is survived by four sons: R. D. and A. J. Willis, both of Plant City; Doyle and Ray Willis, both of Tampa; nine daughters: Mrs. Peggy Rabner of Washington; Mrs. Hazel Uron, Mrs. Marie Kerker, Mrs. Ruby Wooten, Miss Betty Willis all of Elba; and Mrs. Loretta Culppepper, all of Plant City.

WILLIS JOSEPH LEE

Willis Joseph Lee, 69, formerly of Elba, died Thursday, Jan. 22, in Plant City, Fla. He is survived by four sons: R. D. and A. J. Willis, both of Plant City; Doyle and Ray Willis, both of Tampa; nine daughters: Mrs. Peggy Rabner of Washington; Mrs. Hazel Uron, Mrs. Marie Kerker, Mrs. Ruby Wooten, Miss Betty Willis all of Elba; and Mrs. Loretta Culppepper, all of Plant City.

Margaret English Wins Crocker Pin

Margaret Bonneau English has been named 1959 Betty Crocker Homemaker of Tomorrow at Elba High School.

She received the highest score in a 50 minute written examination on homemaking knowledge and attitudes taken by graduating senior girls in her school. She will receive a homemaker pin manufactured by Josten's, which represents the slogan, "Home is Where the Heart Is." Her examination paper will be entered in competition with those of other school winners in the state to name the state Betty Crocker Homemaker of Tomorrow.

BIG UTS TO WRESTLE

The Sharpe Bros, Mike and Ed, of England, both six-foot, six and six pounds, will meet Chief Red Cloud, an Indian, and Angelo Martiniello of Boston in a tag team match, two out of three falls, in a feature bout of a wrestling card Saturday at 8:10 p.m. at the Opp National Guard Armory.

NEGRO YOUTH SUDDENLY KILLS GIRL AND SELF

A 21-year-old Negro fatally wounded his girl friend with a shotgun then killed himself Friday night, last week, at the person who shot Annie Zane Thrasher, 20, at her home about midnight Friday night and who died Sunday afternoon in Gilchrist hospital, Enterprise, from the wound. She was shot in the right hip.

Lena Thrasher, the girl's mother, with whom she lived, called neighbors who took her to the hospital and notified Sheriff Tillman. When the sheriff arrived at the house where the shooting occurred, he said the lights were turned on but no one answered his knock. He forced his way into the house and found Daniels slumped in a chair. He had the muzzle of the shotgun to his head and tripped the trigger with a stick.

Daniels went to the girl's home early in the evening with a 40-gauge shotgun saying he had been hunting. He stayed the entire evening and as he started to leave, he began to load the gun. Without warning he shot the girl and fled the house. He returned after everyone had gone, sat down in the chair and shot himself. The sheriff said, "His parents told the sheriff he had been 'acting strangely' for several weeks.

Funeral services for the girl were held Tuesday from 10 to 12 p.m. at the Shady Grove Church with burial in the adjoining cemetery.

CHURCH CENSUS WILL BE MADE IN ELBA SUNDAY

A church census will be taken in Elba Sunday by Rev. Baptist, Elba Methodist, West Side Baptist, and Assembly of God churches.

The census will be made Sunday from 2 to 4 p.m., and the church members are asked if they are church members, if not, then their church preference, the names and addresses of each person in the family.

Elba will be divided into 20 sections with about 125 people making the canvass.

CAR STOLEN IN ELBA IS LEFT AT MONTGOMERY

An automobile stolen in Elba last night was abandoned a few hours later near Montgomery and was arrested charged with the theft.

A man giving his name as Robert Brusso was caught by police in Tuskegee while he and a companion, who escaped, were trying to steal a car, according to information received by the State Highway Patrol here.

They were crossing the country by stealing an automobile after another, according to police. When they arrived in Elba they left on Simmon's Street a car stolen in Mississippi and took a car belonging to E. L. Owens, on Rushing St. They drove it to a point north of Montgomery where they abandoned it and were trying to steal another car when surprised by police who had been alerted by local officers.

Magazines Received At Library Here

The Elba Public Library this week announced a list of magazines now being received at the library and which can be like books. They are: Children's Activities, Current, Current History, Good Housekeeping, Ladies Home Journal, Life, Parents, Popular Science, Readers Digest, Saturday Evening Post, School Arts, Science Digest, U. S. News and World Report, Boys Life, and American Girl.

BOARD MEETS BRIEFLY

A short meeting of the Coffee County Board of Commissioners was held Monday with Probate Judge J. O. English presiding and with Commissioners Whitman, Brown, Bowden and Tindal present. The only business transacted was to direct the purchase of a tire for a tractor and a tire for a trailer.

GOES TO OKINAWA

Major James E. Reeves recently completed a course in guided missiles at Fort Bliss, Texas. After spending the Christmas holidays with his family in Elba, he left for his new post of duty on Okinawa, Japan. Reeves and his children, Pat, Jimmy and Johnny, will join him there later.

LEADERS STAY WITH LOYALIST STATE FACTION

A vote resulted between Attorney Jackson W. "Bill" Stokes and L. R. Kilcrease for the post of chairman of the influential Coffee County Democratic Executive Committee at the organization meeting held last Saturday at the Elba Court House.

The vote was 9-9. Noting that four members were absent, a second meeting was called for Saturday, Feb. 7, to decide the chairmanship. Mr. Kilcrease of Elba, in the present chairmanship, Mr. Stokes, Elba Attorney, served the last term as Coffee county representative to the legislature.

Joe Pittman of Enterprise was elected secretary to succeed O. V. Rhodes, of Kinston Route 1, and J. J. Moore of Lee was elected vice chairman to act as chairman until the election of a new chairman. Stokes - Kilcrease tie is broken.

In the line with the sentiment expressed by county voters in the Democratic primary last Spring, the Coffee County Democratic Executive Committee adopted a resolution placing it squarely behind the Loyalist faction in state elections. The voters of Coffee County last Spring gave a majority to the Loyalist candidates for the state committee which was at variance with the vote in the rest of Alabama.

This sentiment was reaffirmed by the county committee last Saturday when it adopted a resolution which recited that "There are forces at work who would lead us to believe that the Democratic party is not good for the interest of the common man and the South, therefore, be it resolved, we do hereby express our intentions to be governed by the rules and regulations set forth by the present State Democratic Committee, including such recommendations that we be loyal to the Democratic party."

In a separate resolution, the committee endorsed the records of Senators Lester W. Hill and John J. Sparkman and encourage them to continue their able leadership in the future.

BOOKS SOUGHT FOR ELBA HIGH SCHOOL LIBRARY

Do you have any books too valuable to throw away but which you do not need? Efforts are being made to get enough books for the Elba High School library to comply with State Department of Education accreditation requirements.

Persons with books to donate are asked to take them to Rowe's Sundries, State accreditation requirements are for a library with an average of five books per student. As present, the Elba High library averages 3 and one-half books per student.

TENANT HOUSE BURNS

A three-room tenant house on the Donaldson Road, at Curtis, was completely destroyed by fire Sunday. The Elba Volunteer Fire Department answered a call but the house was destroyed when they arrived. This was the first residence destroyed by fire since the home of Mrs. Pearl Brock, on Smith Ave., burned two weeks ago.

Christmas Lighting Winners

Plaques were presented to winners in the Christmas Lighting contest sponsored last Christmas by the Elba Junior Chamber of Commerce at a dinner meeting last week. They are, left to right: Mrs. Jack Brunson, who won the best decorated home; and Mrs. K. D. Thompson and Mrs. Lamar Rainer, Sr., partners in the L & L Shoppe, for the best decorated place of business.

Officers of the Elba Junior Chamber of Commerce

Front row, left to right: Frank Mullar, retiring president; Oliver Williams, incoming president; back row left to right, Dr. W. M. Ringsdorf, Jr., 1st vice-president; Jerry Coggin, 2nd vice-president; Fletcher Rogers, state vice-president; Stokes - Kilcrease tie is broken.

PROBATE COURT FOR ELBA DIVISION OF COFFEE COUNTY STATE OF ALABAMA
COUNTY OF COFFEE
IN THE MATTER OF THE ESTATE OF MONROE KELLEY.

Letters testamentary under the last will and testament of said decedent having been granted to the undersigned on the 8th day of January, 1959, by the Honorable J. O. English, Judge of Probate of said County in said State, notice is hereby given that all persons having claims against said estate are required to present the same within the time allowed by law or the same will be barred.

barred.
 O. L. KELLEY
 Executor of the Will of Monroe Kelley, Deceased.
 1-15, 1-22, 1-29

STATE OF ALABAMA
COFFEE COUNTY
 Whereas, Ethel Eillard and husband, Shelby Eillard, executed to Elba Exchange Bank, of Elba, Alabama, on or about July 12, 1958, a mortgage upon the real estate hereinafter described to secure an indebtedness described therein, said mortgage being recorded in the office of the Judge of Probate at Elba, Coffee County, Alabama, in Book of Mortgages 23-A, pages 213 and 214, and

Whereas, default has been made by mortgagors in payment of the indebtedness secured by said mortgage and in the performance of the terms of said mortgage;
 Now, therefore, Elba Exchange Bank, the mortgagee and owner of said note and mortgage, will sell, under and by virtue of the power of sale contained in said mortgage, between 11 o'clock A.M. and 4 o'clock P.M., on the 16th day of February, 1959, at auction, to the highest bidder for cash, in front of the Court House at Elba, Coffee County, Alabama, the real estate embraced in said mortgage, described substantially as follows:

"EVILS STILL WORSE HAVE WE KNOWN"
 Early new year begins with a goal we hope to accomplish before its end. All members of the health team, research scientists, physicians, pharmacists, dentists, nurses and chemists are united in a great effort to cure and prevent every disease.
 We still have much to accomplish, but the past few years have enabled us to overcome many evils. No longer do we fear Malaria, pneumonia, mumps, venereal diseases, infections from child birth or surgical operations. We now have specific drugs physicians prescribe that can be depended upon. Even the few remaining diseases, for which we still have no known cure, can be lived with if their diagnosis is early.

Why do foreign countries want to get into cotton farming just now? . . . the answer is simple. There's a lot of money to be made there . . . at least there is if the U. S. government keeps a tight floor under prices . . . let's take a look at what's going on in Africa . . . while you have to fight to keep your cotton average, one African country is urging its farmers to increase cotton production . . . why? . . . the reason given by the African government is this: . . . "As long as major cotton growing countries keep a prop under their prices we should increase our cotton production . . ." This is what the bulletin by farmers said . . . and it isn't just one country either . . . all along the west coast of Africa you can find more cotton being grown . . . this season will see nearly 3 1/2 million bales grown in the dark continent . . . production has shot up more than a third within the past 10 years . . . and one African official makes the blunt statement that free market prices will mean all kinds of trouble when it comes to competing with American mechanization, science and know-how.

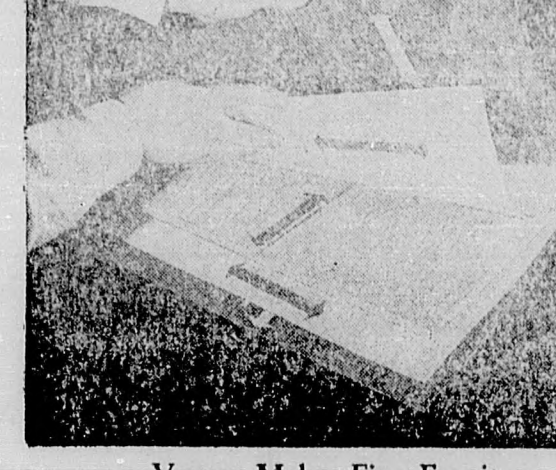

Price Meeting
 Cotton trade representatives will meet on Jan. 27 to discuss the present method of cotton price quotations and how the spot quotations are used to establish loan differences . . . meeting has been called by USDA at request of producers . . . will be in Dallas, Texas . . . it's possible that some changes may be made in the present system.

Bugs vs. Bugs
 Field tests are underway to kill insects by germ warfare . . . it works like this . . . spores of a bacillus are spread over the crop . . . when the insects move in to feast they are infected by the germs and die . . . we don't know how it works with cotton pests, but it sounds good, doesn't it?
 Certainly!!

Hot Cotton
 Some cotton farmers want a research project started to develop a warm-blooded cotton . . . a plant that won't be delayed by cold during planting season and won't let a spell of cool weather slow up its growth . . . what's needed is a seed that will germinate and grow at temperatures below 75° F. . . if such cotton is developed it could mean quite a change in the more northern areas of the cotton belt with its farming methods and its risks.

Decorator's Notebook

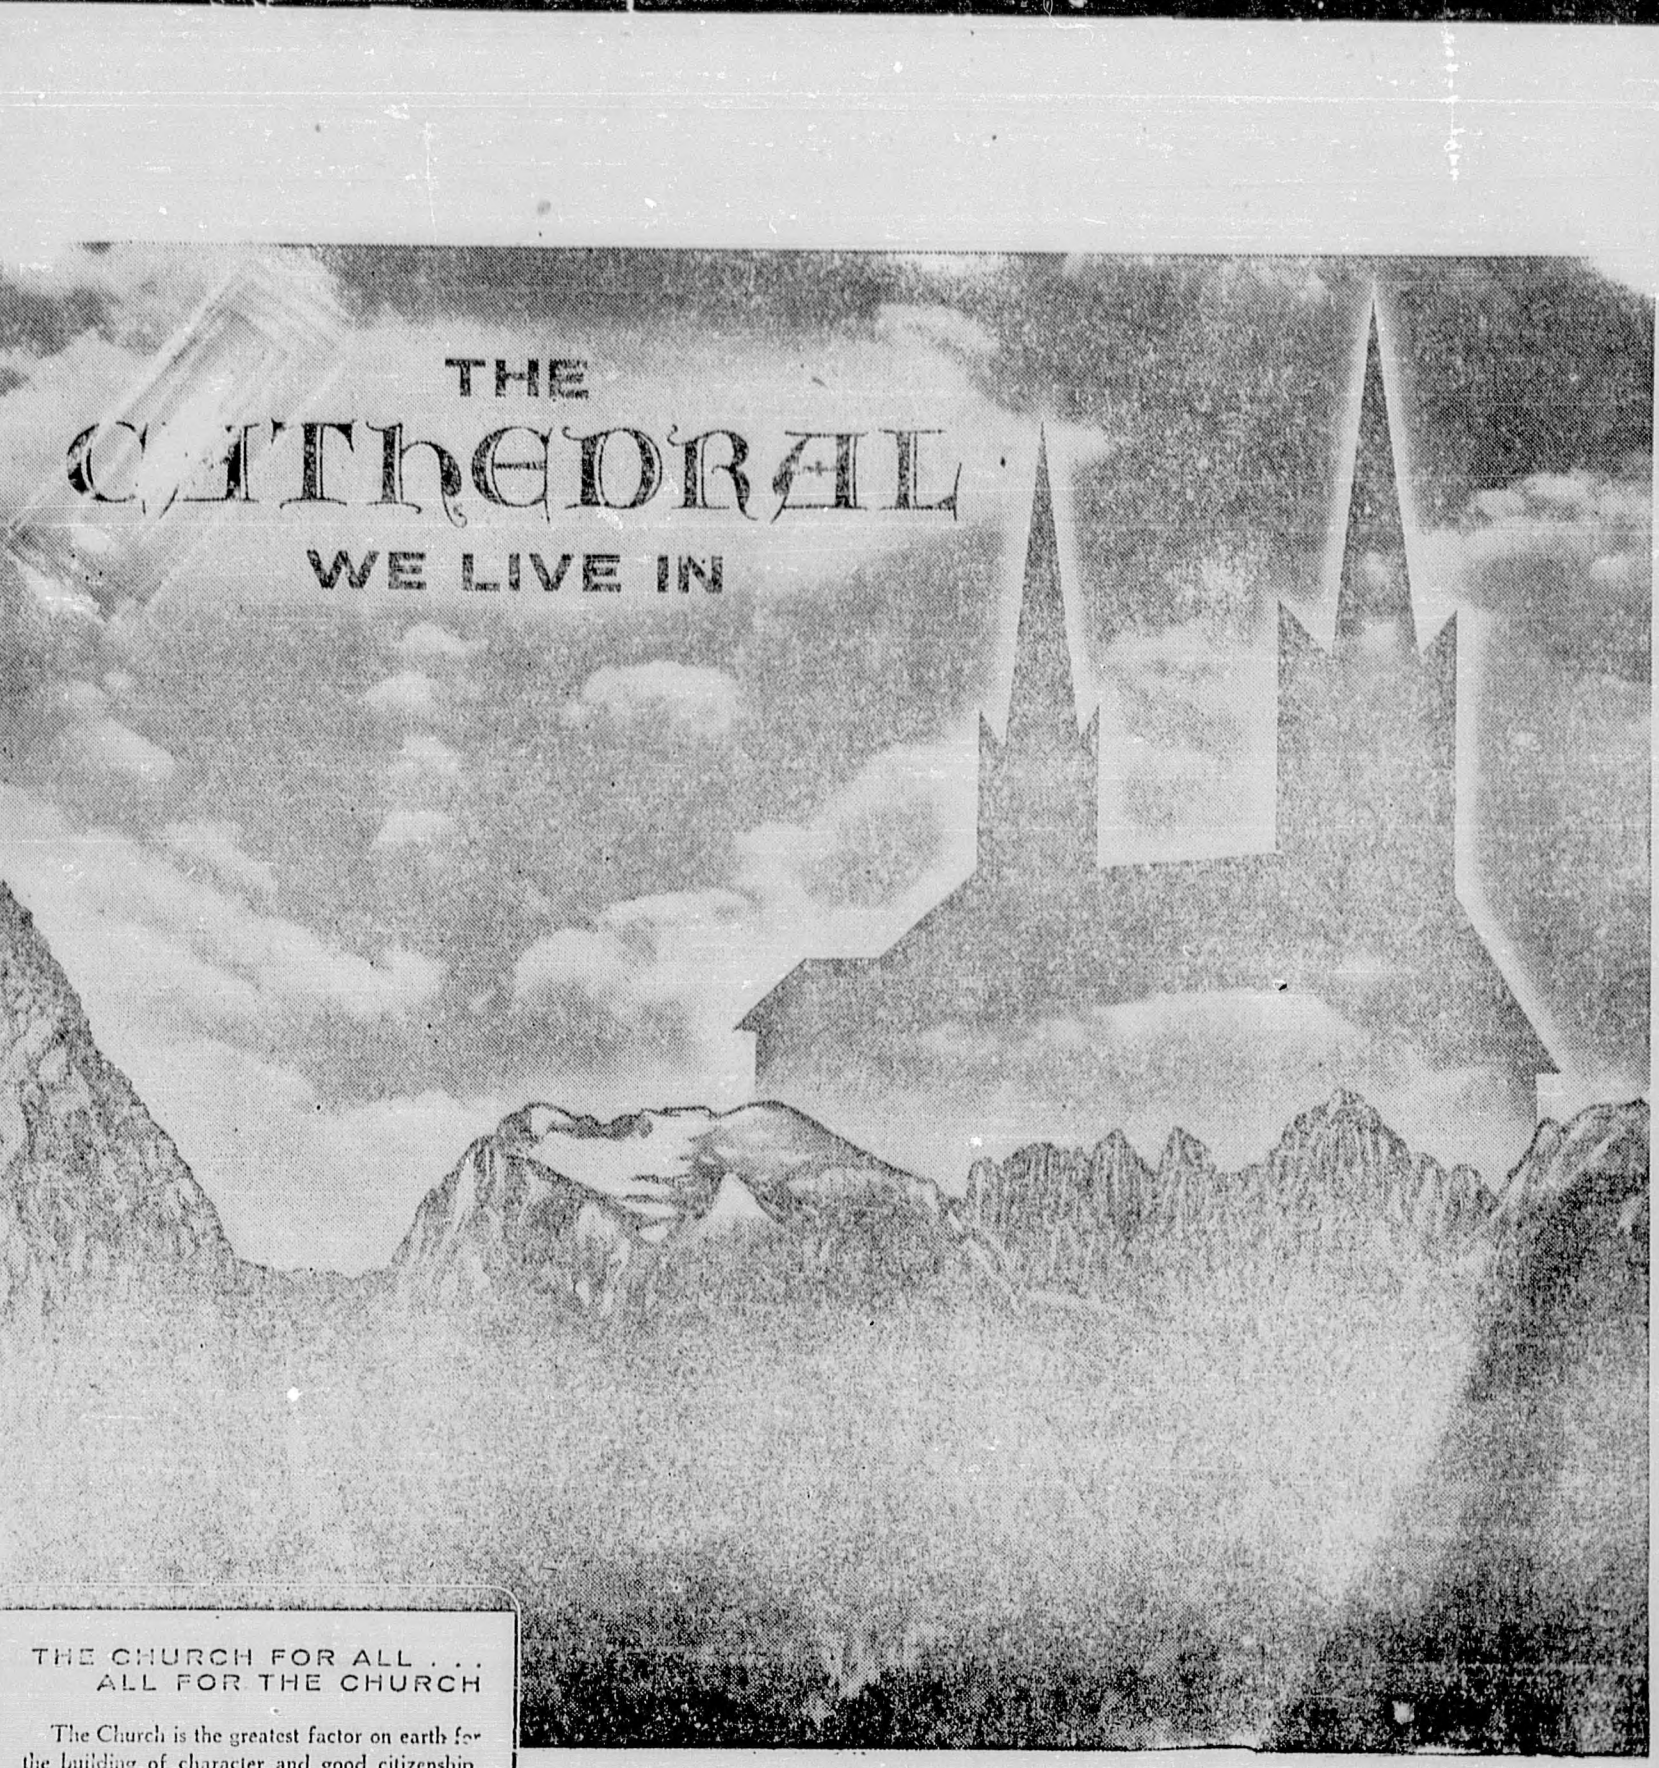

by Alicia Joyce

Spilled perfume should be removed as soon as possible. Cover the spot with olive oil and rub it in well. Then apply furniture polish and rub the spot dry.

Veneer Makes Fine Furniture

In spite of the fact that the veneering has been practiced since the early Egyptians, one still hears the question asked, "Is veneered furniture as good as solid furniture?" The facts given here dispel the basis for this question.
 In many respects veneered furniture is better. In fact, most of the finest and most expensive furniture today is made of hardwood veneers just as it was in the past. Furniture made of veneered panels is sometimes referred to as plywood or bonded construction. Plywood is actually a hardwood sandwich, consisting of five, seven, or some odd number of layers. The center, or core, of the sandwich is of solid lumber (or similar rigid core stock). In the case of a 5-ply panel, a sheet of veneer from a strong but not necessarily beautiful hardwood is placed on each side of the inner core. These sheets of veneer are known as "cross-banding." Finally, a face covering—a veneer of a fine and beautiful cabinetwood—and a back veneer are placed over both cross-banded layers. The direction of the grain in each layer is always at right angles to that of the adjacent layer, as indicated by the arrows in the above photo. Between each of these layers, as they are assembled, is spread a scientifically perfected modern adhesive. Then the entire "sandwich" (5 layers with adhesive between them) is placed in a modern high pressure press where, because of the efficiency of the adhesive, the five layers are permanently laminated, or bonded, together. As a matter of fact, modern adhesives weld together the layers of veneer and lumber core so indestructibly that under severest stresses the wood itself will break long before the adhesive will give away. These modern adhesives insure against blistering or splintering. For all practical purposes the resulting panel is just as "strong" as solid wood with several additional important advantages.
 This cross-ply construction of plywood properly distributes the strength properties of wood, especially for large flat surfaces. Tests prove that pound for pound, hardwood plywood is stronger than steel. Also because of the cross-ply principle, hardwood plywood is highly resistant to warpage and dimension changes.
 Inasmuch as only the outer layer, or face veneer, is exposed, veneering makes furniture with rare and beautiful hardwood surfaces available at relatively low cost. By arranging and matching fine wood figures to form the faces of plywood panels, various decorative patterns and designs can be incorporated to form beautiful furniture fronts, tops, etc.
 Let your own good taste decide the choice between veneered or solid furniture, but have no fear of the durability, stability, and lasting beauty of veneered construction.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
 Mt. Whitney in California: 14,496 feet high! Just one of the spires of the cathedral we live in.
 When God made this world of ours he gave us many a glimpse of Himself. In the towering peaks we see His dignity—in the fertile plains, His providence—in the wild storms, His wrath—in the shimmering rainbow, His mercy—in the mighty falls, His strength—in the mirror lake, His peace.
 But to reveal His Love—the greatest quality of God's nature—He gave us His Son, Jesus Christ . . . born in a stable . . . slain on a cross . . . risen to reign forever.
 This world is the Cathedral in which men worship Him. Its altars are the churches to which the faithful throng.
 Life is God's gift: To live in His Cathedral . . . and work . . . and play . . . and WORSHIP!

20TH Century Study Club Entertained By Mrs. Taylor

The Twentieth Century Study Club was delightfully entertained Thursday evening, Jan. 8, at the home of Mrs. Elmer Taylor. Mrs. Fred Clark served as co-hostess.

Upon arrival the members were served a delicious evening meal with hot coffee. Mrs. Robert Cooper, president, presided over the business session during which plans were completed for a spaghetti supper to be held at the school cafeteria on Friday evening, Jan. 23.

Proceeds from the sale will go toward a worthy cause selected by the club.

Mrs. Lister Brunson presented the program for the evening.

Those present were: Mrs. Charles Martin, Mrs. L. A. Boyd III, Mrs. Bryan Taylor, Mrs. L. F. Inman, Mrs. Bill Martin, Mrs. Harry Boswell, Mrs. Lister Brunson, Mrs. Ben Brown, Mrs.

Miss Hutchinson Is Hostess To BWC At Meet Here

The B. W. C. of the Baptist Church met recently at the home of Miss Gussie Hutchinson, where they were served a buffet supper by the hostess.

Mrs. Bessie Bullard, president, conducted the business meeting. Mrs. Frances Hutto gave the invocation and Mrs. Gary Jacobs presided over the Mission Study lessons.

Present besides these mentioned were: Miss Gladys Clark, Miss Edwin Boone, Miss June Ray Jones and Mesdames Jim Whitman, Fleetwood Cartley, Colon Whitman, O. Downing, W. M. Ward, Will Kendrick, Mrs. Pauline Allen and Mrs. Corinne English.

Baptist Circle Is Entertained By Mrs. Brunson

Circle Number Two of the Baptist Church met with Mrs. Fox Brunson Sr., Monday, Jan. 19, at 3:15 p.m. The home was decorated with arrangements of winter flowers.

Mrs. Sam Sawyer presided over the business and then gave the invocation and Mrs. Gary Jacobs presided over the Mission Study lessons.

Present besides these mentioned were: Mrs. Fleetwood Cartley, Mrs. J. C. Fletcher, Mrs. Alton Brown, Mrs. Tobe Rhodes, Mrs. Louie Disma, Miss Fannie Harper and a sister, Mrs. Herbert Whaley.

Miss Sam Sawyer presided over the business and then gave the invocation and Mrs. Gary Jacobs presided over the Mission Study lessons.

Attending were: Mrs. Fleetwood Cartley, Mrs. J. C. Fletcher, Mrs. Alton Brown, Mrs. Tobe Rhodes, Mrs. Louie Disma, Miss Fannie Harper and a sister, Mrs. Herbert Whaley.

Use electric plugs that can be easily gripped when removing from sockets.

Methodist Circle Entertained By Mrs. Winston

The Violet Rainer Circle of the First Methodist Church met Monday night, Jan. 19, at the home of Mrs. Roger Winston on the Bramley Road.

Mrs. Lamar Rainer Sr., presented a program of study taken from "The Middle East Pilgrimage." The hostess served refreshments to the following members: Mesdames Mayo Prescott, Bryan Taylor, Price Rine, John Glen Lee, Harold Deal, Will Vaughan, France Farris, K. D. Thomson, Emory Corbett, Roy Devane, Fountain Lee, Lamar Rainer Sr., and Mrs. Eva Easters.

Mrs. C. E. Dorsey Is Hostess To Circle No. Three

Circle Number Three of the First Baptist Church held its January meeting at the home of Mrs. C. E. Dorsey. Thirteen members were present.

The devotional was given by Mrs. George Collier, reports were given by Mrs. Guy Pollock, Mrs. Dye, Yates and Mrs. W. P. Windham.

Mrs. M. L. Bay presented the Missionary Study on Indonesia, after which delicious refreshments were served by the hostess.

The February meeting will be held at the home of Mrs. Bob Borders on Smith Ave.

Mrs. Chalmers Blackmon gave the devotional. The Mission Study Lesson was given by Mrs. Sam Rowe.

A delicious salad plate was served to the following: Mrs. Dan Brooks, Mrs. Bessie Bellard, Mrs. Pearl Whitman, Mrs. Woodham, Mrs. Lory Pollock, Mrs. John Grimes, Mrs. Red Sharpless, Mrs. H. J. Clark, Mrs. Chalmers Blackmon and Mrs. Sam Rowe.

Hutchinson Circle Entertained By Mrs. Grimes

The Gussie Hutchinson Circle met Monday night, Jan. 19, at the home of Mrs. Pete Grimes with Miss Martha Ham as co-hostess.

The meeting was called to order by the president, Mrs. Fred Clark. Mrs. Clark gave the devotion from St. John. The Mission Study was given by Mrs. Anne Bowell, "Into A New World."

During the social hour, the hostess served refreshments to the following members and four visitors: Mrs. Fred Clark, Mrs. James Boswell, Mrs. Tobe Rhodes, Mrs. Gordon Mathis, Miss Eleanor Lee, Mrs. Mary Hobbs, Mrs. Murray Say, Mrs. Jack Brunson, and Mrs. I. W. Rhodes.

Baptist Circle One Entertained By Mrs. Bullard

Circle Number One of the Baptist Church met Monday, January 19, at the home of Mrs. A. F. Bullard. Mrs. H. J. Clark, chairman, presided over the business meeting and

New Caramel Chips Make A Party Pie

Frankly fancy is this elegant Caramel Pie—yet "easy as pie" to make. The reason? These just-on-the-market Caramel Chips that have added a new dimension to home cooking. For now, at last, it is possible to have the delicate flavor of caramel without the tedious, time-consuming process of preparing caramel in the old-fashioned way. This rich caramel flavored filling served in a pecan crust is a "conversation piece" sure to rebound to the credit of the most particular hostess.

French Silk Caramel Pie
 1/2 cup butter
 1 cup (6 ounces) caramel chips, melted and cooled
 Dash of salt
 1/2 teaspoon nutmeg
 Cream butter. Add melted caramel chips, salt, nutmeg, and nutmeg. Blend well. Add eggs one at a time, beating 6 minutes after each. Pour into pie shell. Chill. Garnish with whipped cream and sprinkle with nutmeg.

To Make Quick Coconut Custard Pie Shell: Combine 2 tablespoons soft butter and 1 1/2 cups (about) tender-thin flaked coconut. Press evenly into lightly buttered 8 or 9-inch pie pan. Bake in slow oven (300°F.) 15 to 20 minutes, or until golden brown. Cool.

When your window shades become soiled, turn them upside down, attach a new hem, and tack the old hem to the roller.

COFFEE NEWS & CHAT

Butter and egg money has helped Mrs. Howell Griswold of Coffee County make several improvements in her home in addition to paying for all her clothes.

The Chestnut Grove Community homemaker has 28 hens that were just pullets last Friday. They started laying in January.

ly and since that time she has sold \$207 worth of eggs. Also, she sold her hens from the year before for \$21 and made \$108 by selling milk and butter from one milk cow.

Some of the improvements the past president of the Chestnut Grove Home Demonstration Club has made in her home include a folding door, which Mrs. Griswold installed between the living room and dining room kitchen area.

Mrs. Griswold says she has been producing and selling eggs, butter and milk for the past five or six years. She keeps a perfect set of records on all her projects, points out Home Agent Sara Hutchinson, and she spends wisely to get the most from her earnings.

The Griswolds have a 120-acre farm that Mr. Griswold rents to neighbors. He keeps a few brood cows and sells calves.

Corner on Cotton
 BY BOB COLLINS

A lot of things must be decided by the COT before the new cotton crop of Choice "A" and "B" starts to move. . . . "A" cotton must be supported at 80% of parity, cotton is the shadow of things to come. . . . mass use could be another step in reducing cost of cotton to the manufacturer.

Better Off?
 The Agriculture Department says farmers will have the highest income in history by the time the new year rolls in. . . . If the figures are right and the annual per capita income of farmers will top \$1000.

How Much "A" and "B"?
 A couple of editors we know have completed polls among farmers as to how much Choice "A" and "B" cotton will be planted next year. . . . results of one showed, roughly, 35% favored "A" and 65% favored "B". . . . other poll indicated, roughly, 65% favored "A" and 35% favored "B". . . . this information helped us make up our mind on the question: You just can't tell.

For Health

Preventing Foot Trouble

One out of every two youngsters of high school age suffers from some sort of foot ailment; 80 percent of our population goes out of five, have some type of foot trouble. These are startling statistics when it is realized that a major part of our discomforts can be prevented or corrected with proper medical attention.

One of the newest fields of specialized medicine is podiatry, the art and science of foot care. Podiatrists are doctors trained in medical science who have specialized in the care of feet and ankles.

Statistics reveal that over 70 per cent of our children show signs of foot trouble. Since it is in the early years that so many foot disorders begin, and since this is the time to prevent or correct these disorders, let's explore ways recommended by podiatrists to take care of children's feet.

There are 32 bones in a pair of young feet, and only 14 in the remainder of the body. The general structure of the foot is not completed until the age of 14. In fact, some of the bone structures are not completely until much later. Children outgrow shoes faster than they outgrow them, often leading to errors in shoe fitting that may pass them along to the younger generation.

Hand-down shoes are bound to warp the feet since two out of three feet develop in exactly the same pattern.

Here are some wise rules for good foot care:
 1. Bathe feet daily and dry thoroughly. This will help prevent fungus growth.
 2. Cut nails straight across, not round and not too short.
 3. Give immediate attention to red, swollen, blistered, skin eruptions.

4. Don't walk in public places barefoot. If children's feet develop, consult a doctor before it can spread.
 5. Exercise feet and expose them frequently to air and sunlight.
 6. Don't buy shoes by size; be measured every time.
 7. Change socks every day; be sure they are large enough.
 8. Change heels at first sign of running over.

9. Don't remove corns yourself; don't use patent medicines for corns. See your family physician or a podiatrist.
 10. Teach your children to walk with feet pointed straight ahead.

All Other Paints Priced Accordingly.

Vaughan Hardware Co.
 "Where The Price Is Right"

When it comes to getting the job done, it's hard to beat a 4-Her.

Diane Mawaring, a 4-H club member for three years, has done an outstanding job on her 1958 food preparation project, she was given the complete responsibility of meal planning and preparation for her family, reports Mrs. Tommie B. Wakefield Asst. Home Agent in Coffee County.

Diane feels that she has learned much about meal preparation from her experiences last year. And making out grocery orders, selecting the food at the store, and preparing meals for the family made her economy conscious she says.

Diane is the 13-year old daughter of Mr. and Mrs. Luther C. Mawaring of Kingston Pt. 1.

Mrs. Charles Jacobs is a patient in Misell Memorial hospital in Opp following surgery.

Mr. and Mrs. Jack Vaughan spent the weekend in Birmingham on business.

Mrs. W. R. Crook is in Enterprise hospital where she underwent surgery.

Mrs. Fred Johnson is recuperating at her home since being dismissed from the hospital.

Mrs. Quilton Helms and Phyllis of Valdosta, Ga., are spending several weeks with Mr. and Mrs. Hubert Whitley.

The National Security Insurance Company will hold their Annual Stockholder's Meeting Friday night, January 30, at the Home Office between 7 and 9 p.m.

Some People Are Better At Making Money Than Using It

"I'm surprised about some of our friends. They've moved ahead in their jobs, and they're making more money than a few years back, but some of them haven't really learned how to manage their money. A few don't even have a checking account."

"There's something my wife and I depend on—our checkbook. No sense carrying a lot of cash, it's too easy to lose. And store owners like to be paid by check. It's businesslike."

"Then, too, we can pay each month's bills simply by mailing checks—for things like rent and insurance, telephone, electricity and charge accounts. Because they're an accurate record, checks help us keep track of our budget. And when income tax time rolls around, we can go through our cancelled checks together, figuring out what our deductions are."

"Through our checking account, we've come to use more of our family bank's services. Fact is, we get together with our banker for so many things now that 'family banker' has the same warm meaning to us as 'family doctor.'"

You can make deposits in our night depository without a key—just write your deposit slip, drop it in the slot with your deposit, and it's recorded next day—early!

You can do business here without getting out of your car—just drive up to the drive-in window!

Through the Keyhole

BY MRS. ROBERT CANNON

BLUSTERY WINDS swept Alabama but a group of lucky ladies avoided all this by traveling to sunny Florida, Mrs. Edgar Vaughan and Mrs. Rowe Bowers drove to DeFuniak Springs, where they were joined by their sister Mrs. John Dorsey. This trio headed to A-Park where they spent several days at the home of another sister, Mrs. Edwin Vaughan. A highlight of the trip

was the day spent in St. Petersburg with their brother, Sounds like a wonderful family.

ALSO in that favorite state over the weekend were Jo Anne Picky, and Freddie Rainer, who drove down to Fort Walton in their lovely new car. They went to see Pat and Van Vanburen, and, as always, enjoyed themselves.

AS WE WERE HEARING rumors of snow and freezing weather, Althea Prescott was setting ready to go to Birmingham and hoping the weather

was the meeting of the Classroom Teachers Association or rather, the Executive Board Members of that organization. Mrs. Prescott and Mrs. Wagon Elphinstone spent last weekend representing Coffee County.

FEBRUARY is the month for love and quite appropriate for weddings. Pretty Marilu Lee has selected the twenty-second of that month as her wedding date to Richard Norman. And how right it seems for these two to be wed, as we recall the years when they were high school sweethearts and later were traveling between Auburn and Alabama to see each other on dance weekends. Richard will be home on a short leave from the Army arriving only the day before the wedding. So we're looking forward to hearts and cupid's this Valentine month.

Baptist Convention Will Begin Feb. 12

Montgomery—The Fourteenth Annual Alabama Baptist State Brotherhood Convention will meet at the First Baptist Church, Tuscaloosa, Ala., Feb. 12-13.

Fleetwood Carney, lawyer from Elba, is president - elect of the Alabama Baptist Brotherhood.

COTTON MEET SET FRIDAY AT NEW BROCKTON

A meeting of all cotton farmers in Coffee County will be held Friday, Jan. 30, according to County Agricultural Stabilization and Conservation Committee. The purpose of the meeting is to discuss the choice in acreage allotments and price supports available to farm operators for the 1959 cotton crop.

The meeting will be held at the New Brockton Grammar School Auditorium, in New Brockton, and it will begin at 1 p.m. and will be conducted by Elliott L. Dean, Coffee County ASC Office manager.

Lester Gunter, Chairman of the County ASC Committee points out that the meeting is intended to help farmers understand thoroughly all the factors involved in the farm operator's choice between his (A) and (B) allotment and price support. There will be adequate discussion, he emphasized, but no effort to influence the choice of the operator. The decision must be the farm operator's own.

FORESTRY NEWS

By Gordon M. Drewberry, Ranger, Coffee County

For the calendar year 1958, Coffee County had 111 forest fires with damage to the county's forests totaling \$4,126.80. This figure could have been much greater had it not been for the increasing cooperation we are receiving from the public in this regard.

The Division of Forestry would like to express appreciation to the various organizations and to each individual who contributed time and effort in fire suppression work in the year 1958.

We would like very much to have an even better record for the year 1959, in forest fires. We can stop this shameful waste in our county if we remember this one thing, that we all lose when our forest burns. For the simple reason that each individual is dependent upon the forest in some way each day he lives.

So there is a greater need for fire consciousness among the general public. The individual must become conscious of the value of our timber land and what it means to him, and through our fire prevention program we must reach that person with our fire prevention message and then keep him ever mindful of the danger of uncontrolled fires.

GO TO CHURCH SUNDAY

New-Grower Cotton Filing Time Short

Coffee County farmers who did not produce cotton in 1958, 1957, or '56 and who desire a 1959 cotton allotment are urged to make application for such an allotment on or before Feb. 16, at ASC Office, New Brockton.

In addition to filing the proper application, the farm operator must be dependent on the income for the principal portion of his livelihood. The farm must be the only farm owned

or operated in the county for which a 1959 cotton allotment is established.

Coffee county farmers who do not have a 1959 peanut acreage allotment established for their farm, and expect to dig peanuts for market are urged to contact the county ASC office in New Brockton before Feb. 15 and make application for a new-farm allotment. If they can meet the eligibility requirements set forth in the law, according to Lester Gunter, Chairman of the Coffee County ASC Committee in an announcement made today.

MONEY

From Our Early Files

22 YEARS AGO

A marriage of the recent holiday season was that of Miss Addie Florence Young of Elba and Thomas Gurr of Albany, Ga., which was solemnized Christmas Day in a single ring ceremony performed by J. C. Dixon in his home in Elba.

The bride is the daughter of Mr. and Mrs. L. F. Young of Elba. She received her early education in the Elba schools and later attended business college in Albany, Ga. Mr. Gurr is the son of Mr. and Mrs. J. W. Gurr of Umatilla, Ga. He has made his home in Albany for the past five years, where he is presently employed in business.

Miss Annie Mae Rhodes, daughter of Mr. and Mrs. John Rhodes of Elba, remained in an unconscious condition at a hospital Wednesday, suffering from injuries received in an automobile wreck last Friday while she and five other young people were en route to Troy.

The home of Mr. and Mrs. C. O. Miller in West Elba was completely destroyed by fire

Holiday Idea For Your Planter

At Christmas time homemakers begin to study their indoor planters from all angles. How do you transform a year-round planter into an eye-catching holiday decoration?

"Gift packages" can be the "do-it-yourself" answer. The packages are really snow-white plastic foam decorated to look like the real thing. And they're especially fun for the beginning decorator since most any design can be made in a sure success. The various sizes and shapes are cut from a sheet of plastic foam with a sharp paring knife. The foam is so lightweight that foliage will not bend when packages are arranged in place.

The key to stunning "package" wraps are ribbons. Christmas tree bolls, spray paint and glitter selected to accent or harmonize with the color scheme of the room. Common pins attach decorative pieces, stars, reindeer and snowflakes to the packages.

Planter foliage takes on new importance as the packages effect a holiday fun.

All materials for decorations like these are available at variety store Christmas counters.

Route 4, Highway 84, East

4-H CLUB MEMBERS (Residence)					Percent Increase	
Total Members	1954	1955	1956	1957	1957 over 1954	1954-1955
Farm	2,104,787	2,155,952	2,164,294	2,201,481	59.7%	6.1%
Rural Nonfarm	435,966	476,649	503,468	534,245	22.1%	22.5%
Urban	273,711	290,788	316,369	351,975	13.0%	11.2%

The urban or "city" 4-H Club is no longer an exception in Extension work, according to statistics released by the USDA. The number of 4-Hers living in urban areas has increased more than 28 percent since 1954. Country counts are fast becoming city folks, while the distinction between farm and city boys and girls is virtually non-existent.

Proof of these changing times and people can be found during the National 4-H Club Congress in Chicago where approximately 1,000 youth assemble annually. The city club year is Nov. 30 to Dec. 4.

These future citizens come from all parts of the United States, Alaska, Hawaii, and Puerto Rico. All are members of local 4-H clubs, and all have achieved top state ratings in a specific 4-H award program.

They represent the 2,200,000 rural and urban 4-Hers who continually arrive to "make the best better." Those who are selected each year by the State 4-H office to attend the National Congress have accomplished just that.

These talented teenagers travel by train, plane, and bus to the Windy City where they will join their fellow 4-Hers and adult leaders in a week of new ideas and experiences.

Many business firms and private citizens cooperate with the National Committee on Boys and Girls Club Work and the Extension Service to make the Congress possible. Not only are the trips paid for, but other valuable awards are provided for state and county 4-H winners. College scholarships will be presented to 4-H Club members.

Among the 4-H award donors are: Mrs. Charles R. Walgreen, Chicago; Standard Brands Inc., Aradine Products Dept., Allied Chemical Corp., American Forest Products Industries, Wm. Wrigley Jr. Co., Pure Oil Co., Homelite, a Division of Textron Inc., Olin Mathieson Chemical Corp., Armour & Co., Santa Fe Railway System.

Also the Chicago Board of Trade, Burlington Railroad, Milwaukee Road, Chicago & North Western, Rock Island Railroad, Cities Service Oil Co., Cudahy Packing Co., Conrad Road, Elgin National Watch Co., Messer-Person Inc., California Spray Chemical Corp., Colgate-Palmolive Co., and American Oil Co.

Farmers Offered Pre-Measurements

Coffee county cotton and peanut farmers, and farmers participating in the conservation reserve can arrange for official measurement of their 1959 allotments, as well as soil Bank base crops under the conservation reserve program prior to planting time. The County Agricultural Stabilization and Conservation Committee announced this week.

To get the pre-measurement service, which is being provided on a cost basis, a farmer must file a written request with the County ASC office on or before Feb. 10, 1959 for allotment crops and permitted soil Bank base crops under the conservation reserve program.

says Mr. Lester Gunter, committee chairman. The rate to be charged for the service in Coffee County has been established at \$5.00 for the farm, plus 50 cents per acre for each acre or a fraction thereof in excess of 5.5 acres, and payment based on this rate must be made at the time the request for the pre-measurement is filed.

"The pre-measurement is purely optional," says Mr. Gunter, and is offered as a service to farmers who prefer to have an official measurement to use as a guide.

HOW TO BUILD YOUR HOUSE OF SAVINGS

THREE LITTLE PIGS

KEEP THE WOLF AWAY FROM YOUR DOOR WITH U.S. SAVINGS BONDS... 3 1/2% INTEREST!

(with apologies to the 3 little pigs)

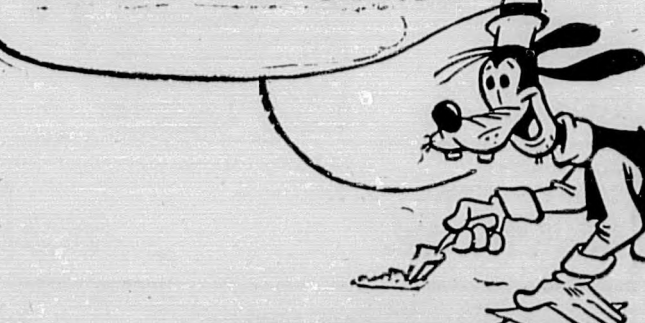

You can build your house with straw. (But it may not keep you dry if a rainy day comes along.)

You can build your house with sticks. (But the winds of adversity might blow it down.)

The best way to build your house is with a solid foundation of bricks. (And U. S. Savings Bonds are some of the best savings bricks you can buy.)

Bonds are solid as a rock — guaranteed by your Government. They're loss-proof, fire-proof, theft-proof — the Treasury will replace them without charge in case of mishap. And the principal invested in Bonds is safe — not subject to market fluctuations.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U.S. SAVINGS BONDS.

The U. S. Government does not pay for this advertising. The Treasury Department thanks you for your patriotic donation, the Advertising Council and

We Give Green Star Stamps — Get Your Premiums Here — Not Elsewhere!

to cotton grown here at home... U. S. exports of cotton are low, far down from last year and it looks like there is more cotton being grown in the world than there is being used... about a half-million bales more... and we can expect the foreign production to keep on as long as the price of U. S. cotton is held so high that farmers in other lands can sell their cotton at a price just under ours and still make a profit.

Hybrid Cotton?

How long will it be before there is a hybrid cotton seed on the market? ... we'll guess that the next three years will see a hybrid offered and that six years from now there'll be an excellent seed with yields you just won't believe... right now a new hybridizing method promises to raise yields by 25%.

New Tax Angle

In figuring taxes don't forget possibility of a 20% depreciation on certain property used in producing your crop... new and used machinery may be eligible if the useful life is six years or more... full deduction is possible if the item was bought any time in the tax year... there's a maximum purchase level and buildings don't qualify... it's a new angle as you better talk to an expert... all we know about is cotton.

Free To Farmers!

Would you like to have the work sheet used by a leading agricultural service for figuring whether it is best to go "A" or "B" next year? ... we'll be glad to send you one free... just send name and address to: Corner on Cotton, P. O. Box 1022, Memphis 1, Tenn... it may help.

Smokey Says: BE CAREFUL FOLKS!

Forest Fires are not necessary. You and only you—can prevent them!

In 1920, one farmer produced enough food and fiber for eight people; today he produces enough for 21.

The United States ranks seventh among the nations of the world in terms of consumption of fluid milk and cream.
